

Join us for our Toddler summer camps specifically designed for your 18 months to 3 years–old child.

Summer Fun—Montessori Style!

Your child will benefit from the rich learning activities and meaningful opportunities for developing a sense of community and belonging that characterize a Montessori classroom, but in a slower, more relaxed atmosphere.

Your camper will enjoy a variety of outside activities: working in the garden, water play, nature walks, picnics, increased outdoor work and more time for free play to enjoy the summer weather.

We follow a daily schedule the children can depend on, balancing indoor and outdoor activity with rest.

We believe that a meaningful camp experience depends upon the staff. All of our camp staff are WMS employees, certified in CPR and First Aid, and the camps are led by our qualified Montessori teachers.

2019 Toddler Summer Camp Program

Our Toddler Summer Camp Program for children ages 18 months – 3 years provides a continued Montessori experience for returning students while bringing fun summer-related activities to the classroom.

It is available for nine 1–week sessions at the North Creek Campus. This program is a continuation of the program offered during the school year using all of our beautiful Montessori materials.

If your toddler is new to the school and will be starting with us in the fall, summer camp provides an introduction to the Montessori environment and the opportunity to bond with trusted adults in a smaller group. We strongly recommend the program to make the transition to camp smoother and more consistent for new toddlers.

“The ancient saying, 'There is nothing in the intellect which was not first in some way in the senses,' and senses being explorers of the world, opens the way to knowledge.”
